

PUBLIC HEARING SECOND READING—ORDINANCE 20-02

Mayor Glanden opened the Public Hearing for Ordinance 20-02's second reading at 6:30 PM.

Mayor Glanden, Secretary Rager, Councilmembers Simpler and Maddox were present.

Councilmember Rager read that Ordinance 20-02 is an Ordinance dealing with planting and growing of bamboo.

Donald Robinette of 119 Front St reported that he has bamboo growing on his property and is very actively trying to control and remove it. He also said that it is growing into his neighbor Steve Whites property and he is trying to stop that also. He agreed that bamboo is a very aggressive plant that needs to be controlled. He also said that he has limited resources to buy spray to kill it and asked if there was any help available. Councilmember Rager said that he would talk to Dustan and see if he could get some spray or help dealing with the bamboo.

After hearing no other comments to Ordinance 20-02 Mayor Glanden closed the Public Hearing at 6:45 PM.

Respectfully submitted

Pete Rager, Council Secretary
